

We Provide Full Transparency on The Employee Benefits Insuring Process!

We will educate you and your team on benefits administration, quoting, negotiation, carrier and plan selection, and the enrollment process - making sure you understand all aspects of employee benefits insurance servicing. **This means we will not furnish cherry-picked plans that offer higher commissions and bonuses to our agency or any agents at Averta Insurance Solutions.**

Your business will receive the lowest rates for the maximum amount of coverage, with continued negotiation in today's insurance programs from the leading carriers in the employee benefits insurance market. Whether it's single-plan, multi-plan, a multi-tier plan approach, medical only, voluntary only, self-funded, ASO or anything in-between. You will always know the who, what, when, how and why!

Let's connect in person, or over a quick call, or on a private web meeting! We are eager to present the value that Averta seeks to bring to your business. Learn more about the insuring process at www.avertainsurance.com, or call 626.826.0048.
